Hello neighbors;

Our LCA annual picnic date has been changed, please make a note: After looking at potential conflicts with graduation ceremonies and other issues on the 11th, it became clear we needed to move the event date. The picnic will now be held Saturday, June 25<sup>th</sup>, in the same location (the back yard and beach of my home on the Nevada County side of the lake in the main cove). We apologize for this changeup as I know we asked you to hold a date previously, but it is clear this will be more practical and we hope, will make it possible for you to attend.

We will be getting out more details in the next few weeks, but wanted to alert you immediately of our decision to change the date. We will have lots of news to share and updates on the Association's activities.

All the best,

Ron
